

Paper Edge Tape

You can now become more environmentally-friendly with the paper combination.

We now offer more colorful finishing using 100% plant-origin material, Re-board.

- Complete your product 100% using only paper.
- Flat finishing on processed sides.
- Easy application: Same as that of existing edge bands.
- Give your products a soft image

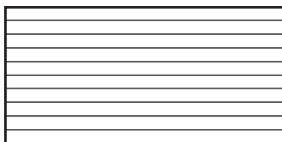

Paper Edge Tape is a 100% paper-made accessory for side decoration, exclusively for Re-board. Paper-made materials can be used in applications ranging from Re-board production to side finishing. Your products can now become more environmentally-friendly and lightweight. You can now enjoy the soft texture of paper and flat finishing, which we have never had before.
